

To access the Google form, please follow the instructions below.

If you have a Google account: please click the link which will either take you straight to the Google form or to a 'verify that it's you' page. If this is the case, please click 'next' and enter your password.

If you do not have a Google account, you can access the Google form in one of two ways:

1. Once you have clicked on the Google form link, it will take you to a 'verify that it's you' page. By clicking 'next' and 'next' again, the page will ask you to enter a password. If the email address is incorrect, click the drop down box above and it will take you to the 'choose an account' page. By clicking on the 'use another account' option, you can fill in a non-Google email address and password and access the form or;
2. You will need to link your existing email address to Google. Head to <https://accounts.google.com/signup> and click "Use my current email address instead". This will allow you to create a log in just for Google without creating a new @gmail.com email address. Continue following the steps to complete creating this new account. The Google form will then become accessible.

Once you have submitted your response, you will not be able to check your answers so please ensure you are happy with them before you submit.
