British Exploring Society is a world class youth development charity with nearly 100 years of experience.

We run adventurous outdoor programmes to help young people access some of the most remote wilderness on the planet.

Email: explorers@britishexploring.org

Phone: 020 4534 0777

Charity No. 802196

Your place on our world class programmes is funded by grants, trusts and generous donors.

For example: Our 3-week Arctic Norway expedition costs the charity just over **£5000 per person.**

But our means-tested fundraising targets would be set between **£500 - £1750.**

Who can join?

Our Expeditions and Adventures are open to ages 14-25.

Three things to know.

1 - It can be challenging, but rewarding.

Our programmes vary in length from 2-nights to 5-weeks. It's an unbeatable opportunity to build your character, confidence and skills in a fantastic wilderness environment.

2 - Our programmes are affordable.

Expeditions can be expensive. To reduce the financial barrier to joining, we don't ask you to pay to join us. Instead, we ask you to fundraise against a means-tested Fundraising Target that we will set based on your unique circumstances.

3 - You won't be doing this alone.

You will be part of a team, led by experienced expedition Leaders. Full expedition training and fundraising support will be provided to you throughout the programme.
