Ready to Explore

Having completed a UK Adventure a young person might feel ready for their next challenge - participation on a full-scale expedition programme with us in the UK or overseas.

Our 2026 expeditions will be mainly (but not exclusively) recruited from those taking part in 2025 UK Adventures. Our future expedition programmes will continue to provide young people with UK-based training, and training expeditions.

Look out for details of our 2026 Expeditions later in 2025.
